[Hotties Hub Hair Salon](#) is a one-of-a-kind hair salon that celebrates the beauty and diversity of all hair types. We're a solution-based company where we train our stylists to master the art of the many hair textures that are as wonderfully unique as our community here in Miami, FL. We believe the woman comes before the hair, so your new style will suit every aspect of what makes you unique. We also provide hair extensions, balayage hair, brazilian keratin treatment, blonde highlights, straightening hair, ombre hair, tape in hair extensions, hair color correction, hot fusion hair extensions, INVISI micro links hair extensions and personalized experience, delivering custom hair color, cuts, and styling.

We believe the only way to bring out the best in a client is to get to know everything about them: their lifestyle, personality, dreams, and goals. Only then can we bring out the very best in their personal hairstyles.

In our [keratin fusion hair extensions salon](#), our stylists' technical expertise begins with culture, training, and collaboration, learning aspects unique to our business and the beautifully diversified community we serve.
